INFORMATION CIRCULAR

(As of June 5, 2018, except as indicated)

The Company is providing this Information Circular and a form of proxy in connection with management's solicitation of proxies for use at the annual general meeting (the "**Meeting**") of the Company to be held on Wednesday, July 18, 2018 and at any adjournments. The Company will conduct its solicitation by mail and officers and employees of the Company may, without receiving special compensation, also telephone or make other personal contact. The Company will pay the cost of solicitation.

APPOINTMENT OF PROXYHOLDER

The purpose of a proxy is to designate persons who will vote the proxy on a shareholder's behalf in accordance with the instructions given by the shareholder in the proxy. The persons whose names are printed in the enclosed form of proxy are officers or Directors of the Company (the "**Management Proxyholders**").

A shareholder has the right to appoint a person other than a Management Proxyholder, to represent the shareholder at the Meeting by striking out the names of the Management Proxyholders and by inserting the desired person's name in the blank space provided or by executing a proxy in a form similar to the enclosed form. A proxyholder need not be a shareholder.

VOTING BY PROXY

Only registered shareholders or duly appointed proxyholders are permitted to vote at the Meeting. Shares represented by a properly executed proxy will be voted or be withheld from voting on each matter referred to in the Notice of Meeting in accordance with the instructions of the shareholder on any ballot that may be called for and if the shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly.

If a shareholder does not specify a choice and the shareholder has appointed one of the Management Proxyholders as proxyholder, the Management Proxyholder will vote in favour of the matters specified in the Notice of Meeting and in favour of all other matters proposed by management at the Meeting.

The enclosed form of proxy also gives discretionary authority to the person named therein as proxyholder with respect to amendments or variations to matters identified in the Notice of the Meeting and with respect to other matters which may properly come before the Meeting. At the date of this Information Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting.

COMPLETION AND RETURN OF PROXY

Completed forms of proxy must be deposited at the office of the Company's registrar and transfer agent, Computershare Trust Company of Canada, 8th Floor, 100 University Avenue, Toronto, ON, Canada, M5J 2Y1, or by fax to 1-(866) 249-7775, not later than forty-eight (48) hours, excluding Saturdays, Sundays

and holidays, prior to the time of the Meeting, unless the chairman of the Meeting elects to exercise his discretion to accept proxies received subsequently.

NON-REGISTERED HOLDERS

Only shareholders whose names appear on the records of the Company as the registered holders of shares or duly appointed proxyholders are permitted to vote at the Meeting. Most shareholders of the Company are "non-registered" shareholders because the shares they own are not registered in their names but instead registered in the name of a nominee such as a brokerage firm through which they purchased the shares; bank, trust company, trustee or administrator of self-administered RRSP's, RRIF's, RESP's and similar plans; or clearing agency such as The Canadian Depository for Securities Limited (a "Nominee"). If you purchased your shares through a broker, you are likely an unregistered holder.

In accordance with securities regulatory policy, the Company has distributed copies of the Meeting materials, being the Notice of Meeting, this Information Circular and the Proxy, to the Nominees for distribution to non-registered holders.

Nominees are required to forward the Meeting materials to non-registered holders to seek their voting instructions in advance of the Meeting. Shares held by Nominees can only be voted in accordance with the instructions of the non-registered holder. The Nominees often have their own form of proxy, mailing procedures and provide their own return instructions. If you wish to vote by proxy, you should carefully follow the instructions from the Nominee in order that your Shares are voted at the Meeting.

If you, as a non-registered holder, wish to vote at the Meeting in person, you should appoint yourself as proxyholder by writing your name in the space provided on the request for voting instructions or proxy provided by the Nominee and return the form to the Nominee in the envelope provided. Do not complete the voting section of the form as your vote will be taken at the Meeting.

In addition, Canadian securities legislation now permits the Company to forward meeting materials directly to "non objecting beneficial owners". If the Company or its agent has sent these materials directly to you (instead of through a Nominee), your name and address and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the Nominee holding on your behalf. By choosing to send these materials to you directly, the Company (and not the Nominee holding on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions.

REVOCABILITY OF PROXY

Any registered shareholder who has returned a proxy may revoke it at any time before it has been exercised. In addition to revocation in any other manner permitted by law, a registered shareholder, his attorney authorized in writing or, if the registered shareholder is a corporation, a corporation under its corporate seal or by an officer or attorney thereof duly authorized, may revoke a proxy by instrument in writing, including a proxy bearing a later date. The instrument revoking the proxy must be deposited at the registered office of the Company, at any time up to and including the last business day preceding the date of the Meeting, or any adjournment thereof, or with the chairman of the Meeting on the day of the Meeting. **Only registered shareholders have the right to revoke a proxy. Non-Registered Holders who wish to change their vote must, at least 7 days before the Meeting, arrange for their Nominees to revoke the proxy on their behalf.**

NOTICE AND ACCESS

Effect February 11, 2013, the Canadian Securities Administrators adopted regulatory amendments to securities laws governing the delivery of proxy-related materials by public companies. As a result, public companies are now permitted to advise their shareholders of the availability of all proxy-related materials

on an easily accessible website, rather than mailing physical copies of the materials. The Company has elected to use the “notice and access” provisions under National Instrument 54-101 for the Meeting has decided to deliver the Meeting Materials to Shareholders by posting the Meeting Materials on its website (www.apxresources.com). The Meeting Materials will be available on the Company’s website as of June 5, 2018, and will remain on the website for one full year thereafter. The Meeting Materials will also be available on SEDAR at www.sedar.com as of June 5, 2018.

The Company is authorized to issue an unlimited number of common shares without par value (the "Common Shares"), of which 14,177,214 Common Shares are issued and outstanding and an unlimited number of First Preference Shares without par value, of which none are issued or outstanding. Robin Merrifield was previously a Director of Alhambra Resources Ltd, which determined that it was unable to file its annual audited financial statements for the year ended December 31, 2012 by the prescribed filing deadline. As a result, the Alberta Securities Commission issued a Management Cease Trade (MCTO) order on May 1, 2013, prohibiting trade in the company's securities by the CEO and CFO

until the filing deficiency has been remedied. The MCTO was subsequently revoked on May 5, 2013 once the required statements were filed.

The board of directors believes that it functions independently of management. To enhance its ability to act independently of management, the board of directors may meet in the absence of members of management and the non-independent directors, if and when necessary, or may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate.

From time to time, the independent directors of the Company may meet in the absence of the non-independent directors. During 2017, the independent directors did not formally meet in absence of the non-independent directors. Given the size and constitution of the board of directors, and current stage of development of the Company, the board of directors believes that the meetings held by the directors in 2017 together with the mandate of the board of directors were sufficient to adequately facilitate open and candid discussion amongst the independent directors during the year.

Given the current size of the Company and its board of directors and management, the board of directors does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for, if any, the Chairman of the board of directors, the Chairman of each committee of the board of directors, or the President and Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the executive officers of the Company are delineated on the basis of the customary practice.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Company's Corporate Governance and Compensation Committee ("CGCC") has responsibility for reviewing compensation for the Company's directors and senior management. The CGCC makes recommendations to the Board which then has the power to approve or reject the compensation.

To determine compensation payable, the CGCC reviews compensation paid for directors and NEOs (as defined below under "Summary Compensation Table") of companies of similar size and stage of development in the mineral exploration industry and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and senior management while taking into account the financial and other resources of the Company. In setting the compensation, the CGCC annually reviews the performance of the NEOs in light of the Company's objectives and considers other factors that may have impacted the success of the Company in achieving its objectives.

The Company's compensation policies and its stock option plan (the "**Stock Option Plan**") are designed to assist the Company in attracting, retaining and motivating Directors, officers and employees of the Company and of its subsidiaries and to closely align the personal interests of such Directors, officers and employees with those of the shareholders by providing them with the opportunity, through stock options, to acquire shares in the capital of the Company.

Option-based awards

The Company grants option-based awards to executive officers through the Stock Option Plan, which was implemented by the Company's Board of Directors effective May 16, 2003, as amended on June 24, 2008, and was approved by the TSX Venture Exchange and the Company's shareholders. The Stock Option Plan has been established to provide incentive to qualified parties to increase their proprietary interest in the Company and thereby encourage their continuing association with the Company. The Stock Option Plan provides that options will be issued pursuant to option agreements to directors, officers, employees or consultants of the Company or a subsidiary of the Company, if any. All options expire on a date not later than five years after the issuance of such option. The exercise price for the options is the last closing price of the Company's stock on the trading day immediately preceding the day on which the Company announces the grant of the option or, if the grant is not announced, last closing price of the Company's stock on the date of grant. Previous grants of option-based awards are taken into account when considering new grants of options. Subject to the requirements of the policies of the TSX Venture Exchange and the prior receipt of any necessary regulatory or shareholder approval, The Board of Directors has, without limitation, the full and final authority in their discretion, but subject to the express provisions of the Stock Option Plan, to interpret the Stock Option Plan, to prescribe, amend and rescind rules and regulations relating to the Stock Option Plan and to make all other determinations deemed necessary or advisable in respect of the Stock Option Plan. Administration of the Stock Option Plan is the responsibility of the appropriate officers of the Company.

The Board of Directors generally grants options to corporate executives further to the recommendation of the CGCC. As part of its annual work plan, the CGCC reviews, among other things, executive compensation and makes appropriate recommendations to the Board regarding such compensation, including but not limited to the grant of options. Options may be granted at other times of the year to individuals commencing employment with the Company.

Summary Compensation Table

The following table (presented in accordance with National Instrument Form 51-102F6 ("**Statement of Executive Compensation**" (the "**Form 51-102F6**"))) sets forth all annual and long term compensation for services in all capacities to the Company for the two most recently completed financial years of the Company ended December 31, 2016 and 2017 (to the extent required by Form 51-102F6) in respect of each of the individuals comprised of each Chief Executive Officer and the Chief Financial Officer who acted in such capacity for all or any portion of the most recently completed financial year, and each of the three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, (other than the Chief Executive Officer and the Chief Financial Officer), as at December 31, 2017 whose total compensation was, individually, more than \$150,000 for the financial year and any individual who would have satisfied these criteria but for the fact that individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the most recently completed financial year (collectively the "**Named Executive Officers**" or "**NEOs**").

Discussion

The Company accounts for stock options at fair value pursuant to CICA Handbook section 3870, which established standards for the recognition, measurement and disclosure of stock-based compensation and other stock-based payments. Compensation expense for stock options granted to employees is determined based on estimated fair values of the stock options at the time of grant using the Black-Scholes option pricing model. The cost is recognized over the vesting period of the respective options and is capitalized to mineral properties and development costs for grants to individuals working directly on advanced mineral projects or to exploration costs on projects in the exploration stage. For non-employees, the fair value of the options are measured on the earlier of the date at which the counterparty performance is complete or the date the performance commitment is reached or the date at which the equity instruments are granted if they are fully vested and non-forfeitable. If and when the stock options are ultimately exercised, the applicable amounts of contributed surplus are transferred to share capital.

See "Option Based Awards" and "Securities Authorized for Issuance Under Equity Compensation Plans" for further information on the Stock Option Plan.

The Company does not have Incentive Plan Awards, pursuant to which cash or non-cash compensation intended to serve as an incentive for performance (whereby performance is measured by reference to financial performance or the price of the Company's securities) was paid.

The Company does not have a pension plan that provides for payments or benefits to the Named Executive Officers at, following, or in connection with retirement.
